In the event that the school is oversubscribed, the school will, when deciding on applications for admission, apply the following selection criteria in the order listed below to those applications that are received within the timeline for receipt of applications as set out in the school's annual admission notice:

### Selection Criteria:

Blackwater Community School will apply the following criteria for admission:

1. If the Student has siblings currently enrolled in the school
2. If the Student attended one of the feeder schools listed in the Glossary of Terms of this policy

### Selection Process

Applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available, the remaining Applicants are considered in light of the second criterion and those Applicants who meet this criterion will be offered a place within the school. This process is continuously carried out until all available places have been offered and accepted.

In the event that there are two or more students tied for a place or places in any of the selection criteria categories above (the number of applicants exceeds the number of remaining places), Blackwater Community School will apply a random lottery to assign any available places in the school, or on the waiting list, to those applications.

Where an application is made on behalf of a Student for both the Special Class and a mainstream year group, and his/her application for one but not both is successful, s/he will remain in the same position on the waiting list for the group to which s/he was not successful, regardless of whether the Applicant accepts the place in the group to which the Student was successful.

N.B. The number of places available in a year group is subject to reduction in the event that a placement(s) in the Special Class is/are given to Student(s) from that year group, *i.e.* the selection process for the Special Class will be completed before the selection process for the mainstream year group and the number of Students who are offered a place in the Special Class will be the number by which the places in the relevant mainstream year group(s) are reduced<sup>1</sup>.

## **7. What will not be considered or taken into account**

---

<sup>1</sup> This approach is based on section 2 of the Education for Persons with Special Educational Needs (EPSEN) Act 2004, which requires that: "A child with special educational needs shall be educated in an inclusive environment with children who do not have such needs unless the nature or degree of those needs of the child is such that to do so would be inconsistent with the best interests of the child as determined in accordance with any assessment carried out .... or the effective provision of education for children with whom the child is to be educated."

This is subject to the application being received at any time during the period specified for receiving applications set out in the annual admission notice of the school for the school year concerned. This is also subject to the school making offers based on existing waiting lists (up until 31<sup>st</sup> January 2025 only).

## **8. Decisions on applications**

All decisions on applications for admission to Blackwater Community School will be based on the following:

- Our school's admission policy

(Please see [section 15](#) below in relation to applications received outside of the admissions period and [section 16](#) below in relation to applications for places in years other than the intake group.)

Selection criteria that are not included in our school admission policy will not be used to make a decision on an application for a place in our school.

## **9. Notifying applicants of decisions**

Applicants will be informed in writing as to the decision of the school, within the timeline outlined in the annual admissions notice.

If a student is not offered a place in our school, the reasons why they were not offered a place will be communicated in writing to the applicant, including, where applicable, details of the student's ranking against the selection criteria and details of the student's place on the waiting list for the school year concerned.

- (iv) an applicant has failed to comply with the requirements of 'acceptance of an offer' as set out in [section 10](#) above.

## **12. Sharing of Data with other schools**

Applicants should be aware that section 66(6) of the Education (Admission to Schools) Act 2018 allows for the sharing of certain information between schools in order to facilitate the efficient admission of students.

## **13. Waiting list in the event of oversubscription**

In the event of there being more applications to the school year concerned than places available, a waiting list of students whose applications for admission to Blackwater Community School were unsuccessful due to the school being oversubscribed will be compiled and will remain valid for the school year in which admission is being sought.

Placement on the waiting list of Blackwater Community School is in the order of priority assigned to the students' applications after the school has applied the selection criteria in accordance with this admission policy.

Offers of any subsequent places that become available for and during the school year in relation to which admission is being sought will be made to those students on the waiting list, in accordance with the order of priority in relation to which the students have been placed on the list.

For the avoidance of doubt, if a Student does not receive a place in the school for a given academic year, but s/he wishes to be considered for admission to the same year group in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications to all years other than the First Year Group.

## 14. Late Applications

All applications for admission received after the closing date as outlined in the annual admission notice will be considered and decided upon in accordance with our school's admissions policy, the Education Admissions to School Act 2018 and any regulations made under that Act.

An application received by Blackwater Community School after the closing date published by the school, and set out in the Admission Notice, is considered a late application for the purposes of this Admission Policy. This includes applications received after the commencement of the school year that the.

Where Blackwater Community School is oversubscribed and receives a late application for admission, that application will receive a place on the waiting list beneath Applicants whose applications were received by the school before the closing date for applications. Such late applications will be placed on the waiting list in accordance with the date and time they were received by the school, subject to:

- a) the parent of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, confirming in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student.

- a) the parent of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, confirming in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student.
- b) The Student seeking admission to a Special Class in the school has the category of special educational needs specified by the Minister of Education and Skills in respect of that class.

and the same process as applies to Applicants whose applications were received before the closing date will be applied *i.e.* an Acceptance Form will be issued to the Applicant for completion and return to the school within 2 weeks of issue.

## **15. Procedures for admission of students to other years and during the school year**

Where Blackwater Community School is not oversubscribed, all Students will be offered a school place, subject to Section 5 and the same process as applies to Applicants whose applications were received before the closing date will be applied *i.e.* an Acceptance Form will be issued to the Applicant for completion and return to the school within 2 weeks of issue.

When the number of applications exceeds the number of places available, Blackwater Community School will apply the following criteria for admission:

1. If the Student has siblings currently enrolled in the school
2. If the Student attended one of the feeder schools listed in the Glossary of Terms of this policy

### **Selection Process**

Applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available, the remaining Applicants are considered in light of the second criterion and those Applicants who meet this criterion will be offered a place within the school. This process is continuously carried out until all available places have been offered and accepted.

In the event that there are two or more students tied for a place or places in any of the selection criteria categories above (the number of applicants exceeds the number of remaining places), Blackwater Community School will apply a random lottery to assign any available places in the school, or on the waiting list, to those applications.

If necessary, a waiting list shall be compiled which shall remain valid only for the school year in respect of which the applications are made. Where Blackwater Community School is in a position to offer further school places that become available for and during that academic year, places will be offered in accordance with the order of priority in which Students have been placed on the waiting list.

For the avoidance of doubt, if a Student does not receive a place in the school for a given academic year, but s/he wishes to be considered for admission to the same year group in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications to all years other than the First Year Group.

Where the school is oversubscribed, any selection criteria that are not included in this Admission Policy shall not be considered in determining whether or not a Student is admitted to the school.

Where the Transition Year Programme and Leaving Certificate Applied Programme in Blackwater Community School are oversubscribed, a Student applying for admission to such programmes in the relevant year group, will, subject to this policy, be placed on the appropriate waiting list already compiled (annually) by the school, which list will contain the names of students enrolled in the school who have been placed on an internal waiting list for these programmes.

Where Blackwater Community School is not oversubscribed, all Students will be offered a school place, subject to:

- a) a parent of a student, when required by the Principal in accordance with section 23(4) of the Education (Welfare) Act 2000, fails to confirm in writing that the code of behaviour of the school is acceptable to him or her and that he or she shall make all reasonable efforts to ensure compliance with such code by the student.
- b) The Student seeking admission to a Special Class in the school does not have the category of special educational needs specified by the Minister of Education and Skills in respect of that class.

## **16. Procedures for admission of students to the Special Class**

Blackwater Community School has been sanctioned for a special class with a maximum overall enrolment of 12 students, established to cater for the special educational needs of Students with Autism/Autistic Spectrum Disorder (ASD).

Only applications in respect of Students whose needs fall within the category of special educational needs provided for by the Special Class will be considered. In this respect, the school requires that such needs of the Student be verified in a Relevant Report which has been prepared within the 12 months immediately preceding the Student's application to the Special Class.

Where the Special Class in Blackwater Community School is not oversubscribed, all Students whose needs fall within the category of special educational needs provided for by the Special Class will be offered a place in the Special Class, subject to section 5 of this Admissions Policy.

However, under Section 15(1) of the Education Act 1998 the board of management has a responsibility to provide, or cause to be provided, an appropriate education for each student at the school and has a duty of care to ensure as far as practicable the health and safety of the students and the staff. Where the admission of an applicant would pose a significant risk to the health and safety of the applicant or the students and staff of the school, or pose a significant risk to the right of other students to an appropriate education then such an application for admission may be refused by the board of management.

### **Oversubscription:**

When the number of applications exceeds the number of places available, the published selection criteria as set out at below will apply and a waiting list shall be compiled which shall remain valid only for the school year in respect of which the applications are made. Where Blackwater Community School is in a position to offer

further places that become available in the Special Class for and during that academic year, places will be offered in accordance with the order of priority in which Students have been placed on the waiting list.

Where an application is made on behalf of a Student for both the Special Class and a mainstream year group, and his/her application for one but not both is successful, s/he will remain in the same position on the waiting list for the group to which s/he was not successful, regardless of whether the Applicant accepts the place in the group to which the Student was successful.

For the avoidance of doubt, if a Student does not receive a place in the Special Class for a given academic year, but s/he wishes to be considered for admission to the Special Class in the following academic year, a new application must be made on behalf of that Student during the dates specified by the school as being the period when it will accept applications for the Special Class.

If a transfer Student is offered a place in the Special Class from the waiting list, the offer is subject to there being a place available in the relevant year group for that Student. If there is not a place available in the relevant year group, the next person on the waiting list for the Special Class will be considered for the place in question but this will not change the initial Student's place on the waiting list for the Special Class for the remainder of that school year, i.e. if another place subsequently became available in the Special Class during that school year, the initial Student at the top of the waiting list would be considered first, but again subject to there being a place in the relevant year group for that Student.

For clarity, even if a place becomes available in a given mainstream year group, if there is a waiting list for that year group, the Students on that list have first refusal at the place in the year group irrespective of any matters relating to the Special Class.

Where the school is oversubscribed, any selection criteria that are not included in this Admission Policy shall not be considered in determining whether or not a Student is admitted to the school.

**Selection criteria in order of priority:**

Applications to the Special Class will only be considered if the Student's needs fall within the specified category of special educational needs provided for by this class. Subject to this requirement, in the event of oversubscription, the following criteria for admission to the Special Class will apply:

- i. If the Student has siblings currently enrolled in the school;
- ii. The greatest level of educational need, as determined by the Principal in consultation with the NCSE and/or NEPS, having considered the Relevant Report in respect of the Child;
- iii. Whether the student attended one of the feeder schools listed in the glossary of terms;
- iv. If the Student has siblings previously enrolled in the school;

### **Selection process:**

Blackwater Community School will apply the selection process as follows:

Having met the criteria for admission to the Special Class, applications are considered against the published selection criteria. Places will be offered in the first instance to those who meet the first criterion. Subsequently, where the school still has places available the remaining Applicants are considered against the second criterion and those Applicants who meet this criterion will be offered a place within the Special Class. This process is continuously carried out until all available places have been offered and accepted.

Where two or more applications are tied in the foregoing selection process, Blackwater Community School will apply a random lottery to assign any available places in the Special Class, or on the waiting list, to those applications.

N.B. The number of places available in a year group is subject to reduction in the event that a placement(s) in the Special Class is/are given to Student(s) from that year group, i.e. the selection process for the Special Class will be completed before the selection process for the mainstream year group and the number of Students who are offered a place in the Special Class will be the number by which the places in the relevant mainstream year group(s) are reduced.<sup>2</sup>

### **Declaration in relation to the non-charging of fees**

The Board of Management of Blackwater Community School or any persons acting on its behalf will not charge fees for or seek payment or contributions (howsoever described) as a condition of-

- (a) an application for admission of a student to the school, or
- (b) the admission or continued enrolment of a student in the school.

### **Arrangements regarding students not attending religious instruction**

Blackwater Community School offers *religious education* in all year groups as it promotes the holistic development of students and can contribute positively to their wellbeing in line with the principles of the Junior Cycle and Senior Cycle Frameworks and in the spirit of the Deed of Trust. It facilitates the intellectual, social, emotional, spiritual values and moral development of students and encourages respect for all members of our school communities. In addition, *religious education* supports the 'multi-denominational' aspect of our school's ethos as it provides opportunities for students to engage with questions around their own religious or non-religious beliefs and those of their peers.

---

<sup>2</sup> This approach is based on section 2 of the Education for Persons with Special Educational Needs (EPSEN) Act 2004, which requires that: "A child with special educational needs shall be educated in an inclusive environment with children who do not have such needs unless the nature or degree of those needs of the child is such that to do so would be inconsistent with the best interests of the child as determined in accordance with any assessment carried out .... or the effective provision of education for children with whom the child is to be educated."

In this context it is important to understand the distinction between ‘*religious education*’ and ‘*religious instruction*’:

- *Religious education* is open to all pupils regardless of their commitment to any particular religion or worldview. It seeks to contribute to the spiritual and moral development of all students equally.
- *Religious instruction* is instruction in accordance with the rites, practices and teachings of a particular religion or denomination for pupils of that religious tradition.

Given that Religious Education, as distinct from Religious Instruction, is timetabled across our school at all levels the legal requirement to advise of the option to opt-out of religious instruction does not arise.
