As a school community we aim to support each other in our learning and in our work together. We strive to build a positive atmosphere based on respect of ourselves, of others and of our environment. We encourage and affirm each other in both our work and recreation.

There may be occasions where respect is not shown in some form or other and students will be advised accordingly to make good the situation. They will also be afforded every opportunity to mend damaged relationships and review their commitment to live their school lives in a respectful manner. Restorative Justice is a key component of our disciplinary system.

Students are expected to behave in a manner which is in keeping with the spirit of our Mission Statement. The school rules are a set of guidelines which are indicative rather than fully inclusive. Students are expected to show respect at all times for themselves, fellow pupils, for all staff both teaching and non-teaching, for visitors and guests of the school and for our environment.

- Students may show respect for themselves by taking pride in their own work and appearance and in the appearance of the school, by taking personal responsibility for their own litter and by always behaving with dignity.
- Respect may be shown to fellow students by contributing to a caring and inclusive community spirit. There will be no tolerance for any abuse on the basis of gender, marital status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.
- Pushing, fighting, bad language, rough play or bullying will not be tolerated.
- Respect to staff, visitors and guests of the school may be shown by courtesy and good manners. Threats, insults, intimidation, or abusive language is not acceptable.
- Students may show respect for property by taking personal responsibility for their lockers, desks, chairs and all other school resources as well as the property of others. Any student damaging school property in any way will be required to pay for the repair or restoration of the damaged item.

All members of the school community and visitors to the school have the right to attend school without fear of any sort of intimidation, whether physical or emotional. If one suspects bullying/harassment might be taking place they should inform a teacher, parent or their tutor/year head. Bullying of any sort will not be tolerated and will be managed in accordance with the school's anti-bullying/harassment policy.

STUDENT BEHAVIOUR

1. Every student has a right to learn within a positive learning environment. Behaviour, both inside and outside the classroom which interferes with this right, will not be tolerated. Such behaviour will be dealt with in the first instance by the individual subject teachers, but where offending behaviour persists it will be referred to their Year Head, Deputy Principal and/or Principal. Depending on the level of referral, verbal reprimand, detention, parent consultation, report card or suspensions will be applied as appropriate. When a very serious misdemeanour occurs, the teacher may need to take immediate action. A Teacher Incident Report will be filled out and brought to the attention of the Year Head immediately. This report will be noted on VShare and placed in the student's file. Support and guidance is always available to students from the Guidance Counsellor, Chaplain and other personnel in the Pastoral Care team.

2. **Smoking** and or possession of cigarettes, vapes, lighters, matches etc. are strictly forbidden while in school uniform or while in the school, on the school grounds or in the vicinity of the school or while

on any school trip or outing. Students found with any of these items will have them confiscated and an automatic 1-day suspension given on their first offense.

3. Students (including those aged 18 or over) may not under any circumstances use, sell, buy or be in possession of alcohol in the school, on the school grounds, in the vicinity of the school while on any school trip or outing or while in school uniform. Students found in possession of alcohol will have it confiscated and appropriate disciplinary action will be taken.

4. Students should be aware that use of illegal drugs or substances is highly dangerous and can result in death. It is illegal for anyone to use, sell, buy or be in possession of illegal drugs. Students found in possession of illegal drugs or substances will have them confiscated and appropriate disciplinary action will be taken. Their parents will be informed, the matter will be referred to the Board of Management and/or the Gardai and dealt with as outlined in the Substance Misuse Policy.

Parents will be advised accordingly. Students who leave class or school grounds without permission will receive a detention/suspension. It should be noted that the reporting of students who are absent from school for more than 20 days in a school year will be made to the school's Education Welfare Officer which is mandatory under the Education Welfare ACT 2002. Homework received each day should be recorded in the space provided. Homework consists of:

- A review of all work covered in class
- Set written and oral work
- Revision

Students should take great care in completing homework to a high standard, ensuring it is neatly presented and handed in on time. In the case of Homework undone, a written excuse must be given

All students who wish to bring their mobile phone to Blackwater Community School are required to place them in a magnetic pouch, which is locked once they are on school environs and can only be accessed if enabled by a staff member.

Any student who does not carry their phone in a locked pouch will have their phone confiscated immediately and receive a disciplinary sanction. A pouch must be allocated to each student at the beginning of the academic year from the main school office and maintenance of the same will be the students responsibility. If a pouch is tampered with, defaced or lost then a replacement pouch must be purchased.

USE OF INFORMATION TECHNOLOGY

Pupils are expected to use the internet in a responsible manner in conjunction with the rules outlined in the Acceptable Use policy. The school employs a number of strategies in order to maximise learning opportunities and reduce risks associated with the internet. Misuse of the internet may result in disciplinary action, including written warnings, withdrawal of access privileges and in extreme cases, suspension or expulsion. The school also reserves the right to report any illegal activities to the appropriate authorities

HEALTH & SAFETY

Students are strongly encouraged to be mindful of their health during these most important years of their development. A proper diet, adequate rest and regular exercise are essential for any young person facing the challenges of regular study and growing up in today's society. We live in a sophisticated society and all students of all ages need to exercise care in looking after their own safety. This care should be exercised over a range of activities, including road safety, the wearing of cycle helmets, the safe use of motorbikes and cars and personal safety in all circumstances. Students should have an awareness of the dangers of the use of tobacco and alcohol. Students should never experiment with illegal drugs or substances. Students should also familiarise themselves with the particular safety regulations of each classroom. Health & Safety is everyone's responsibility. Students must follow directions for movement, including the one-way system, around the school and for fire evacuation. Interfering with Safety Equipment is a very serious offence and will be punished accordingly.

EMERGENCY REGULATIONS

Emergency Drill Practice takes place in Blackwater Community School regularly. This is to train students in how to evacuate the building in an orderly fashion in case of fire or another emergency.

Students are reminded that interference with the Fire Alarm or Equipment is a very serious offence and will be sanctioned accordingly. On hearing the fire alarm students should:

- Stand up in perfect silence.
- Follow the instructions given by the teacher.
- Walk quickly and quietly in single file (on left side) from the classroom to the Assembly Point.
- At the Assembly Point, line up in alphabetical order in your class group.
- If alarm goes off between classes, the class should proceed to the Assembly Point as outlined and join their class teacher.
